Soundbite: "I chose to do an apprenticeship because I think its brilliant way of starting a career, and gaining lots of different skills and experience.

My apprenticeship has been brilliant, I have had amazing support from my Assessor, I could email her any time and she would be really helpful, and helped me understand where I was going wrong or would suggest where to look to help me with the answer.

I would 100% recommend people to an apprenticeship, it's a great way of starting a good career and build knowledge, skills, that maybe you wouldn't learn If you are doing a full time college course and it doesn't matter what age you are."
